

Trustee Induction

This induction seeks to provide Trustees of Ilkeston u3a with guidance and information about their role and legal responsibilities.

The Purpose of Trustee Induction

All committee members whether they are elected or co-opted are automatically Trustees.

A good induction will reassure committee members that their role is valued, taken seriously and that the committee is run effectively.

Trustees need to understand the Charity Trustee Management Liability Insurance Cover that is provided via the affiliation to the Trust. Information about this is available on the u3a website. Trustees should be aware of how the committee needs to act to ensure that its actions remain within the requirements of the cover provided.

Induction enables new Trustees to familiarise themselves with their role, Ilkeston u3a, its relationship with the Trust and the wider u3a Movement, as well as their legal responsibilities. It will also help to facilitate a level of awareness and understanding of how the u3a operates in line with key policies and procedures.

Induction

An ideal induction is a process, often over a few months, to allow a new Trustee to settle in. The checklist is intended to help map progress. Trustee induction should include, but is not restricted to:

- one to one handover from the previous incumbent to the new incumbent
- reading and absorbing suggested key documents
- gaining an understanding of how Ilkeston u3a is organised and operates
- exploration of u3a Trust website, particularly the Advice Section which requires a registration
- attendance at recommended zoom workshops, conducted by u3a Trust.
